Find out more about the new productline: ROSARI EXCLUSIVE HOTEL PRESTIGE:

INTERACTIVE TV

A modern interactive system which offers all possibilities of multimedia entertainment, especially for the hospitality business: Fully digital-IP based entertainment and internet services solution developed specifically for the hospitality industry: Full-HD TV, Video on demand, Music on demand and many other interactive services as well as room-automation.

INFORMATION TECHNOLOGY

Through our highly skilled resources, proven methodologies based on best practices, and innovative technology, **rosari**'s Managed Services helps you achieve the quality of service your business demands. Short: We manage your IT-infrastructure and you concentrate on your business.

TELEPHONY

Telephony is the technology associated with the electronic transmission of voice, fax, or other information between distant parties.

rosari offers today fully integrated systems for: VoIP, unified messaging, fax, PABX, video conferencing and other related communication technologies.

SIGNAGE

rosari signage solution allows you to show rich multimedia content via almost any network and show the content on-time on a variety of display-terminals, for seminars, conferences and other guiding or publicity requirements.
